

PRIORY TREE SERVICES ENVIRONMENTAL POLICY

Priory Tree Services recognises that consideration to the environment is a priority and therefore actively promotes and upholds this environmental policy and implements this into everyday activities. We recognize our responsibility to prevent pollution in all parts of our operations, safeguard the environment and take positive steps to minimise the environmental impacts of our operations. We aim to comply with applicable legislation, regulations and industry codes of practice, and seek to implement good practice.

Priory Tree Services will:

- Comply with all relevant Environmental Legislation Standards and Codes of Practice
- Ensure that all persons engaged by the company have a sound knowledge of the impact of our business on the environment and what they can do to reduce it.
- To use energy and water efficiently and optimise our use of natural resources.
- Keep areas clean and tidy; communicate with local people and clients to ensure that our activities cause minimum disruption.
- Promote the recycling of waste such as wood-chip and logs.
- To minimize the volume of waste deposited to landfill by reusing and recycling materials wherever possible.
- To encourage modes of transport, which minimise environmental impact, ensure that my staff are aware of efficient driving and examine the operation of our vehicles.
- To regularly monitor, audit and review our environmental programme to ensure continuous improvement, and identify examples of best practice that may be shared throughout the company.
